Professional Summary

Strategic **Senior Product Analyst** with 7+ years of experience transforming data into **agentic insights** at **PayPal, OLX, and Uber**. Expert in the **modern data stack** (SQL, Python, Snowflake) and partnering with Engineering/Product leadership to define **AI-native roadmaps**. Passionate about uncovering **hidden signals** in complex datasets to drive **product-led growth** and bridge the gap between technical metrics and strategic business outcomes.

Work Experience

Senior Product Analyst | PayPal

Bangalore | Apr 2023 - Present

- **Proactive Signal Discovery:** Partnered with Product & Engineering leads to uncover **hidden signals** in fraud detection workflows, directly influencing the **product roadmap** to reduce false positive friction.
- **Engineering Empathy:** Embedded within engineering squads to instrument granular event tracking, balancing **technical debt** trade-offs with feature velocity to ensure high-fidelity data capture.
- **Strategic Storytelling:** Translated complex **ML model performance metrics** into actionable strategic narratives for leadership, guiding investment in new **AI-driven** decisioning capabilities.
- **Full-Stack Ownership:** Owned the end-to-end data lifecycle for key product lines, from **SQL/Python** data modeling to designing intuitive **Tableau** dashboards that serve as the "eyes and ears" of the product.

Product Analyst | OLX Autos

Gurgaon | Jul 2022 - Mar 2023

- **User Pattern Analysis:** Analyzed unstructured user search queries to identify **"power user" patterns** and reduce **Zero Result Pages (ZRP)** by 40%, significantly improving retention.
- **Growth Instrumentation:** Collaborated with engineering to instrument new features for the car comparison tool, driving a **10% increase** in lead generation through rigorous **A/B testing**.
- **Data-Driven Strategy:** acted as a strategic partner to the Product team, using **SQL** and **Python** to pressure-test hypotheses and define the metrics that mattered for new market launches.

Business Analyst | Uber

Hyderabad | Aug 2021 - Jul 2022

- **Automation & Modern Stack:** acting as an internal "AI-Native" proactively, I automated 35+ manual workflows using **Python scripts** and **SQL**, freeing up 20+ hours/week for deep-dive analysis.
- **Operational Insights:** Built dynamic **Power BI** dashboards that provided real-time visibility into **Uber for Business (U4B)** unit economics, driving yield management optimizations.
- **Problem Ownership:** Demonstrated an "Owner" mindset by proactively identifying and fixing data gaps in daily reporting pipelines without waiting for tickets.

Skills

- **Tech Stack & Analytics:** SQL (Advanced), Python, Snowflake, dbt, Airflow, Tableau, Power BI, Looker, Mixpanel, A/B Testing, LLM Workflows.
- **Core Competencies:** Engineering Partnership, Roadmap Planning, Signal Discovery, Stakeholder Management, Product-Led Growth, Strategic Dashboarding.

Education

Bachelor of Technology in Chemical Engineering

BITS Pilani | 2014 - 2018
