Professional Summary

Strategic **Senior Data Analyst** with 7+ years of experience driving **legacy modernization** and **AI-driven automation** at **PayPal, OLX, and Uber**. Expert in the **Azure Data Stack** (Synapse, Data Factory) and constructing advanced **Power BI** solutions with **DAX/RLS**. Proven track record of architecting scalable data frameworks, mentoring analysts, and partnering with global stakeholders to transform static reporting into **agentic, future-ready insights**.

Work Experience

Senior Product Analyst | PayPal

Bangalore | Apr 2023 - Present

- **AI-Driven Automation:** Spearheaded the shift towards **AI-enabled analytics**, automating complex fraud detection workflows to reduce manual intervention by **20%** and enhance operational efficiency.
- **Modernization & Quality:** Led the **migration** of legacy reporting suites to a modern stack, establishing robust **data quality** frameworks and standardizing automation practices across global squads.
- **Advanced Power BI:** Architected enterprise-grade **Power BI** dashboards with complex **DAX** measures and **Row-Level Security (RLS)**, providing secure, real-time visibility to 100+ stakeholders.
- **Strategic Influence:** Acted as a strategic partner to engineering leadership, using data to influence the roadmap for internal tool modernization and **operational excellence**.

Product Analyst | OLX Autos

Gurgaon | Jul 2022 - Mar 2023

- **Data Migration & Integration:** Played a pivotal role in **modernizing data pipelines**, integrating disparate sources into a unified **Azure-like** warehouse environment to streamline reporting.
- **Reporting Optimization:** Optimized SQL queries (T-SQL performance tuning) for high-volume datasets, reducing report latency by **40%** and enabling faster decision-making cycles.
- **Global Collaboration:** Collaborated with product owners across 3 continents to define metrics for new feature launches, driving a **10% uplift** in lead conversion through data-backed iterations.

Business Analyst | Uber

Hyderabad | Aug 2021 - Jul 2022

- **Process Automation:** Developed robust automation scripts using **Python** and **SQL** to replace manual excel workflows, saving **20+ hours/week** and improving data accuracy.
- **Dashboard Architecture:** Designed and maintained executive-level **Power BI** dashboards, translating complex unit economics data into intuitive visuals for senior leadership.
- **Operational Excellence:** Demonstrated a "Lead Through Data" mindset by proactively identifying bottlenecks in the yield management process and deploying analytical solutions to fix them.

Skills

- **Tech Stack & Automation:** SQL (T-SQL/Advanced), Python, Azure Synapse/Data Factory, Power BI (DAX/RLS), Tableau, Snowflake, ETL Pipelines.
- **Core Competencies:** Legacy Modernization, AI Enablement, Strategic Leadership, Stakeholder Management, Data Quality, Automation Frameworks.

Education

Bachelor of Technology in Chemical Engineering

BITS Pilani | 2014 - 2018
