Professional Summary

Technically astute **Senior Analyst** with 7+ years of experience in **automation, reporting, and system optimization** at **PayPal, OLX, and Uber**. Expert in building advanced **Power BI/Excel** dashboards, automating workflows with **Python**, and managing complex integrations. Proven ability to analyze operational metrics, forecast staffing needs (WFM), and drive efficiency in fast-paced environments. Ready to leverage strong technical troubleshooting and analytical skills as a **Five9 Administrator**.

Work Experience

Senior Product Analyst | PayPal

Bangalore | Apr 2023 - Present

- **Reporting & Dashboards:** Designed and administered enterprise-grade **Power BI** reporting suites, monitoring critical performance metrics and enabling 100+ stakeholders to track operational health.
- **Automation & Integrations:** Developed **Python scripts** to automate manual data workflows, integrating disparate systems to ensure seamless data flow and reducing reporting latency by **20%**.
- **Performance Optimization:** Analyzed system telemetry and operational logs to identify efficiency gaps, implementing process improvements that streamlined "call-handling" equivalent workflows.
- **Stakeholder Support:** Acted as a technical POC for global teams, providing troubleshooting support for internal tools and ensuring high system availability for business-critical operations.

Product Analyst | OLX Autos

Gurgaon | Jul 2022 - Mar 2023

- **CRM Integration:** Collaborated with engineering to manage integrations between internal lead management systems and reporting layers, ensuring accurate tracking of sales performance.
- **Metric Analysis:** Monitored key operational KPIs (conversion rates, abandonment), delivering weekly insights to management that directly informed **workforce planning** and resource allocation.
- **Custom Reporting:** Built customized **Excel** and **SQL-based** reports to track agent/user performance, identifying training needs and driving a **10% increase** in lead conversion.

Business Analyst | Uber

Hyderabad | Aug 2021 - Jul 2022

- **Workflow Automation:** Automating 35+ manual operational tasks using **Python** and **SQL**, significantly reducing administrative overhead and freeing up time for strategic planning.
- **Workforce Analytics:** Built dynamic dashboards to forecast operational volume and staffing requirements, aiding leadership in optimizing shift coverage and "head count" management.
- **System Troubleshooting:** Proactively identified data discrepancies and system issues, working with technical teams to resolve bugs and ensure reliable daily reporting.

Skills

- **Technical & Reporting:** Power BI, Advanced Excel (VBA/Macros), SQL, Python (Scripting/Automation), System Integrations, HTML/CSS (Basic), CRM Tools.
- **Core Competencies:** Workforce Management (WFM), Operational Forecasting, Performance Monitoring, Stakeholder Support, Process Improvement, Troubleshooting.

Education

B.E. (Chemical Engineering)

BITS Pilani | 2014 - 2018
