Professional Summary

Strategic **Senior Analyst** with 7+ years of experience driving **FinTech innovation** and **operational efficiency** at **PayPal, OLX, and Uber**. Expert in **Python, SQL, and Tableau**, with a proven track record of developing robust **data models**, enabling **cross-border payment insights**, and leading **data governance** initiatives. Passionate about translating complex financial data into actionable strategic narratives for global stakeholders.

Work Experience

Senior Product Analyst | PayPal

Bangalore | Apr 2023 - Present

- **Payments Analytics:** Partnered with Product & Engineering to uncover **hidden signals** in global payment workflows, reducing transaction friction and optimizing acceptance rates for cross-border flows.
- **Data Modeling & Governance:** Designed and maintained scalable **data models** for fraud detection, establishing rigorous **data quality** frameworks that serve as the single source of truth for leadership.
- **Strategic Visualization:** Developed executive-level **Tableau** dashboards to monitor **KPIs** and operational health, directly influencing the roadmap for new **AI-driven** decisioning capabilities.
- **Cross-Functional Leadership:** Collaborated with global teams to define metrics for new market launches, ensuring alignment between technical execution and **strategic business goals**.

Product Analyst | OLX Autos

Gurgaon | Jul 2022 - Mar 2023

- **End-to-End Analytics:** Owned the full analytics lifecycle, from **raw data collection** (SQL/Python) to identifying **trends and patterns** that reduced Zero Result Pages (ZRP) by **40%**.
- **Experimentation:** Designed and analyzed **A/B tests** to improve operational efficiency, driving a **10% increase** in lead conversion through data-backed iterations.
- **Data-Driven Solutions:** Acted as a strategic partner to the business, utilizing **statistical techniques** to pressure-test hypotheses and deliver actionable insights for growth.

Business Analyst | Uber

Hyderabad | Aug 2021 - Jul 2022

- **Automation & Efficiency:** Automated 35+ manual reporting workflows using **Python scripts** and **SQL**, freeing up 20+ hours/week for deep-dive strategic analysis.
- **Financial Modeling:** Built dynamic **Power BI** dashboards to track **unit economics** and operational scenarios, enabling data-driven yield management decisions.
- **Ad-Hoc Analysis:** Supported senior management with rapid, high-quality **ad-hoc reporting** and data troubleshooting to resolve critical business bottlenecks.

Skills

- **Tech Stack & Analytics:** Python (Pandas/NumPy), SQL (Advanced), Tableau, MS Excel (Advanced), Power BI, MongoDB (Querying), Metabase.
- **Core Competencies:** Data Modeling, Strategic Forecasting, KPI Definition, Data Governance, Cross-Functional Leadership, Storytelling.

Education

B.E. (Chemical Engineering)

BITS Pilani | 2014 - 2018
