PROFESSIONAL SUMMARY

Results-oriented **Senior Data Analyst** with over 7 years of experience in **Strategic Analytics**, **Data Science**, and **Product Strategy**. Expert in delivering scalable data solutions using **SQL**, **Python**, and **R** to drive operational efficiency for **online services with millions of users**. Proven track record as a **Champion of A/B Testing**, designing and executing experiments to prove product change attribution. Experienced in partnering with global product leaders to translate ambiguous business problems into actionable data insights at top-tier organizations like **PayPal**, **Uber**, and **OLX**.

WORK EXPERIENCE

Senior Product / Lead Analyst | PayPal

Bangalore | April 2023 – Present - **Strategic Collaboration**: Partnered with Product and Business leaders to **translate business problems** into automated data solutions, directly influencing product roadmaps and lifecycle goals. - **Data Automation & BI Solutions**: Designed and maintained robust **Power BI/Looker dashboards**, providing real-time visibility into models of usage and user behavior for **100+ global stakeholders**. - **Advanced Analytics**: Leveraged **Python and SQL** to execute complex analyses and build efficient **ETL pipelines**, ensuring data accuracy across managing structured and unstructured data. - **Impact Analysis**: Conducted rigorous **Root Cause Analysis** and **Hypothesis Testing** to identify growth opportunities, delivering insights that optimized customer retention strategies. - **Team Leadership**: cultivated a highly functioning team by mentoring junior analysts on **best practices in data visualization, statistical techniques, and stakeholder communication**.

Product Analyst | OLX Autos

Gurgaon | July 2022 – March 2023 - **Champion of A/B Testing**: Led end-to-end **experimentation**, designing and analyzing experiments to validate strategic changes to the user journey, increasing lead generation by **10%**. - **Statistical Rigor**: Applied **statistical modeling** and rigorous analysis to deep user behavior trends, optimizing lead conversion funnels for the "Sell-It-Yourself" vertical. - **Market Strategy**: Analyzed marketing effectiveness across diverse segments using **SQL and Python**, identifying high-ROI channels to inform budget allocation and acquisition strategies.

Business Analyst | Uber

Hyderabad | August 2021 – July 2022 - **Process Automation**: Spearheaded the automation of **35+ BAU reports** using **Python (Pandas)** and **SQL**, saving the team **5+ hours of manual effort weekly** for **Uber for Business (U4B)**. - **Big Data Scale**: Built dynamic dashboards utilizing **SQL** to integrate disparate data sources from large-scale computing systems, tracking operational KPIs for millions of users. - **Financial Impact Analysis**: Performed in-depth **financial modelling** to evaluate operational bottlenecks, recommending process improvements that resulted in measurable cost savings. - **Cross-Functional Partnering**: Acted as a bridge between technical teams and business operations, ensuring that data solutions aligned perfectly with fast-evolving operational needs.

Analyst I Aditya Birla Group

Bangalore | July 2018 – July 2021 - **Supply Chain Analytics:** Supported operations teams by performing **Root Cause Analysis** on process inefficiencies, directly contributing to improved yield and reduced downtime. - **Demand Forecasting:** Collaborated with cross-functional partners to improve **forecast accuracy**, optimizing inventory management through data-driven inputs. - **Data Management:** Organized and standardized complex industrial datasets to facilitate automated reporting and strategic benchmarking.

EDUCATION

B.Tech in Chemical Engineering *BITS Pilani | 2014 – 2018*

SKILLS

- **Languages & Scripting:** SQL (Expert), Python (Pandas, NumPy), R, Excel (Advanced/VBA), Git
- **Visualization & BI:** Power BI, Tableau, Looker Studio, Google Data Studio
- **Cloud & Data Engineering:** Google Cloud Platform (GCP), BigQuery, AWS, Hadoop/MapReduce knowledge
- **Analytical Methods:** A/B Testing, Experimentation, Hypothesis Testing, Statistical Modeling, Regression
- **Core Competencies:** Stakeholder Management, Strategic Planning, Process Improvement, Mentoring
